# NEW MONITORING TOOLS

March 2017

SYNACOR

# CLIENT DASHBOARDS

We want to help our customers better understand how their organizations are using Zimbra

We are developing new monitoring tools which will provide admins with data dashboards

By providing near-real time and historical data on usage, clients can better predict their storage needs

## SAMPLE DATA FIELDS

Active Users

New Users

Percentage POP Logins

Percentage IMAP Logins

Percentage HTTP Logins

Percentage Mobile Users

Unique POP Users

Unique IMAP Users
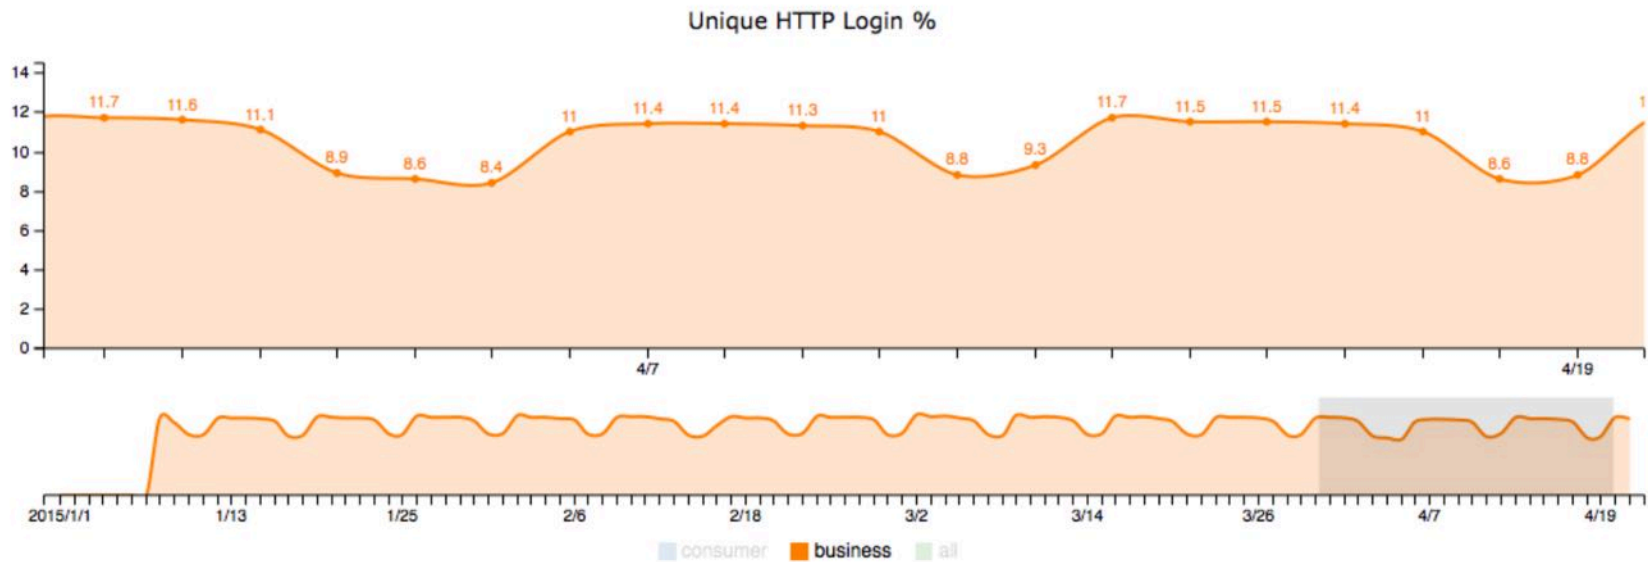

Unique HTTP Users

Unique LMTP Recipients

Average IP Addresses per User

Average LMTP Message Size

Total LMTP Data Delivered

# UNIQUE HTTP LOGINS

Unique HTTP Login %  |  day  |  average  |  Draw Chart

Unique HTTP Login %

consumer  **business**  all

# ACTIVE USERS BY EDITION
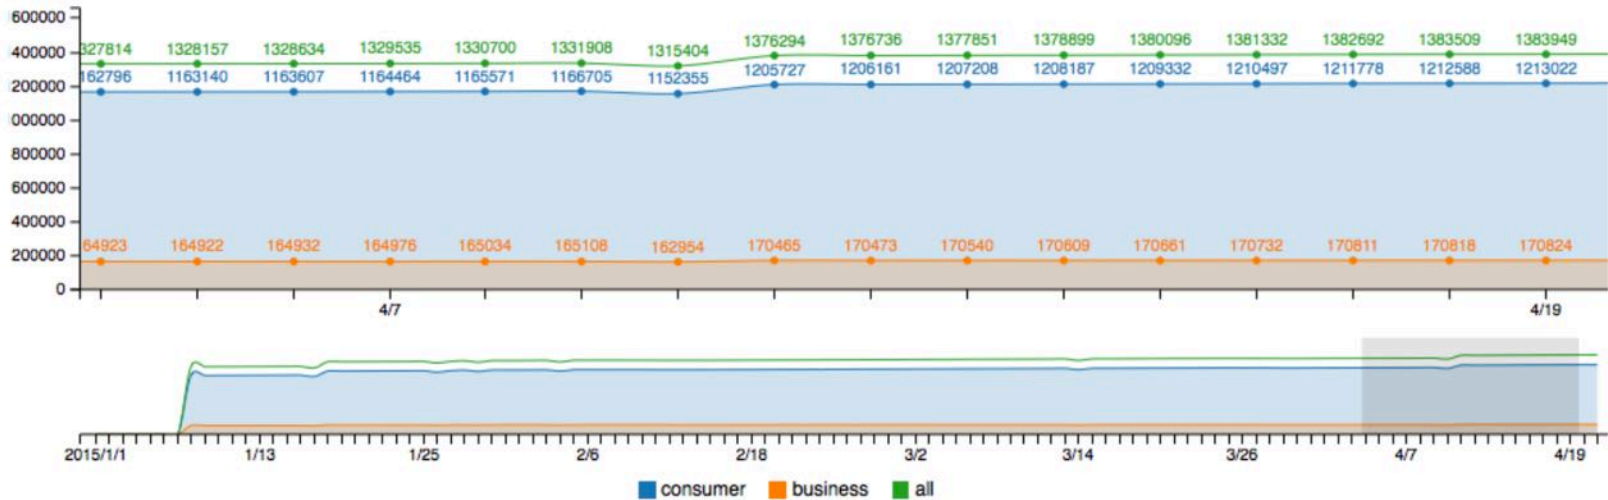

# LOAD SCORE CAPACITY

day Load Score Capacity Report

Launching Q2 in beta with small group of customers
