

# WHAT'S COMING SOON FOR ZIMBRA COLLABORATION

# NEXT GENERATION UI: HERE TODAY

## WEB UI HAS SHIFTED TO SIMPLER, FUNCTIONAL FLOWS THAT PROVIDE A OPTIMIZED EXPERIENCE ON EACH DEVICE.

- Zimbra 2010 was the leader in Web 2.0. feature rich with browser drag and drop, inline images and extensibility
- Current Email clients have added basic responsiveness and modal interactions for a better flow
- Synacor Next Gen is focused on user experience. This is done using an approach which provides adaptive responsiveness, conversation views and minimized interactions. Includes Configurable / Tool Set
- (Ability to make changes without a release) and analytics for feature usage feedback

# PRODUCT FEATURES AND FUNCTIONALITY Q1

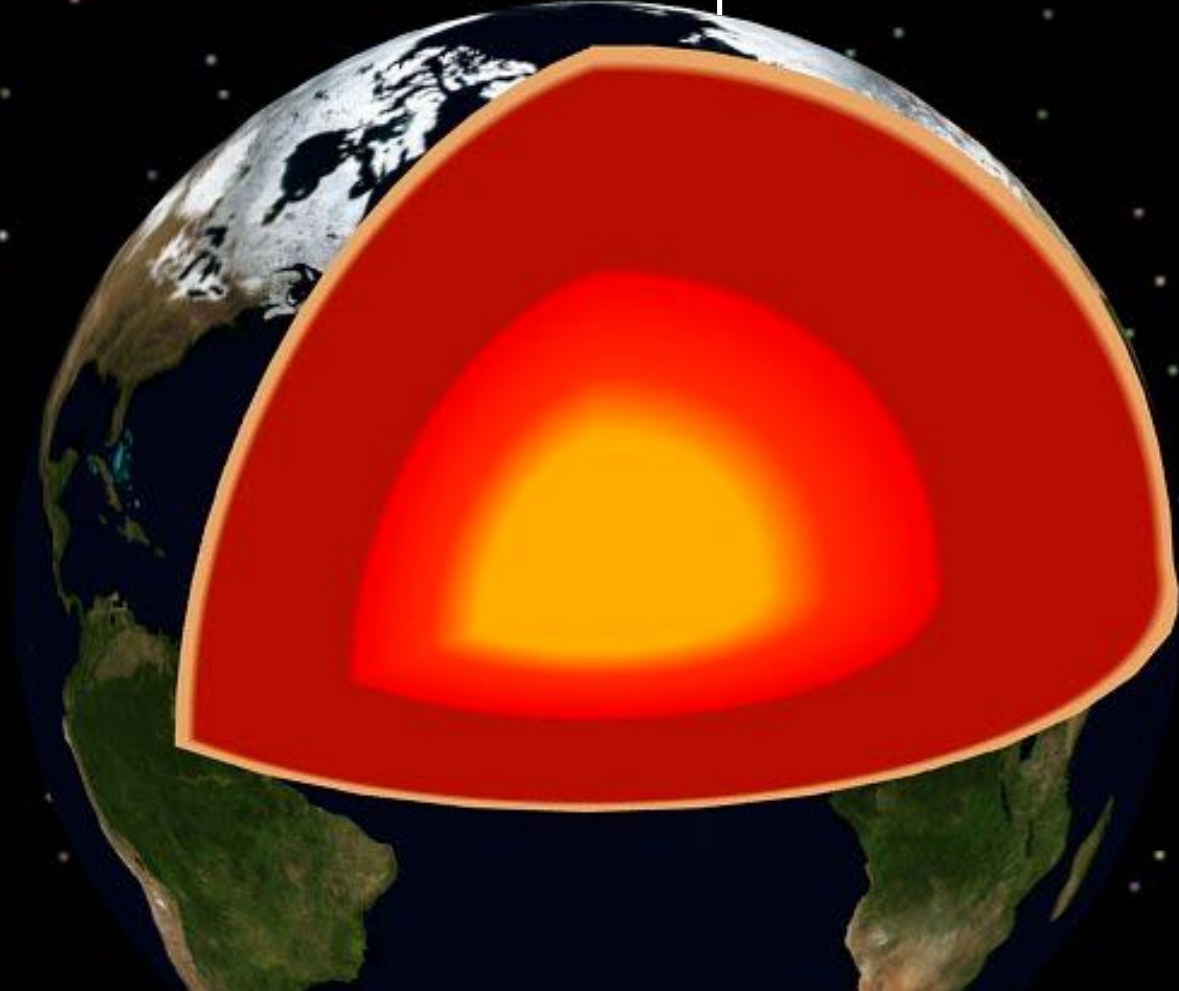

## EMAIL APPLICATIONS UPDATES:

1. Modern design delivering on Synacor's Zimbra Web Client
2. Incorporation of functionality including:
  1. Chat
  2. Document Sharing
  3. Talk, already available

## ZIMBRA PLATFORM UPDATES:

1. Continue new release velocity of Email and Collaboration products
2. Growth of open source community and increase in the number of scope of integrations
3. Zimbra Next.0 planning continues with guidance from our technical advisors and industry advisory team
4. 2016 Q4 work culminates in the March 22, 2017 event in NYC

# Zimlets Architecture and Components

# ZIMLETS - BROADLY CLASSIFIED

## SERVICE ZIMLETS

Zimlets that connects to some external service and brings/posts information to ZCS  
e.g.: Salesforce, Google Translator, Flight Tracker, discover(de.li.cio.us) etc

## EXTENSION ZIMLETS

Zimlets that extends Zimbra's core features to provide some extra functionality. These don't deal with external service.

e.g.: Email Reminder, Sticky Notes, Colored-emails, Email Attachr, Contact Collector etc

## CONTENT OR INLINE ZIMLETS

Zimlets that scans the message's or Contact's content(body) for some words and converts them to links. These links further provides additional functionalities.

e.g: Bugzilla, Email, URL, Phone, etc

# ZIMLETS - (JAVASCRIPT BASED) COMPONENTS

## **Zimlet Description File (e.g. com\_zimbra\_test.xml)**

This is where we describe Zimlet information, things like: Zimlet name, Zimlet version, user properties

## **JavaScript File (e.g. com\_zimbra\_test.js)**

This is the main file that does all the hard work.

## **CSS File (e.g. com\_zimbra\_test.css)**

Contains any style-sheet information that you might use to style a Zimlet dialog or form fields.

## **Config File (e.g. config\_template.xml)**

Contains configuration information like “alloweddomains” property

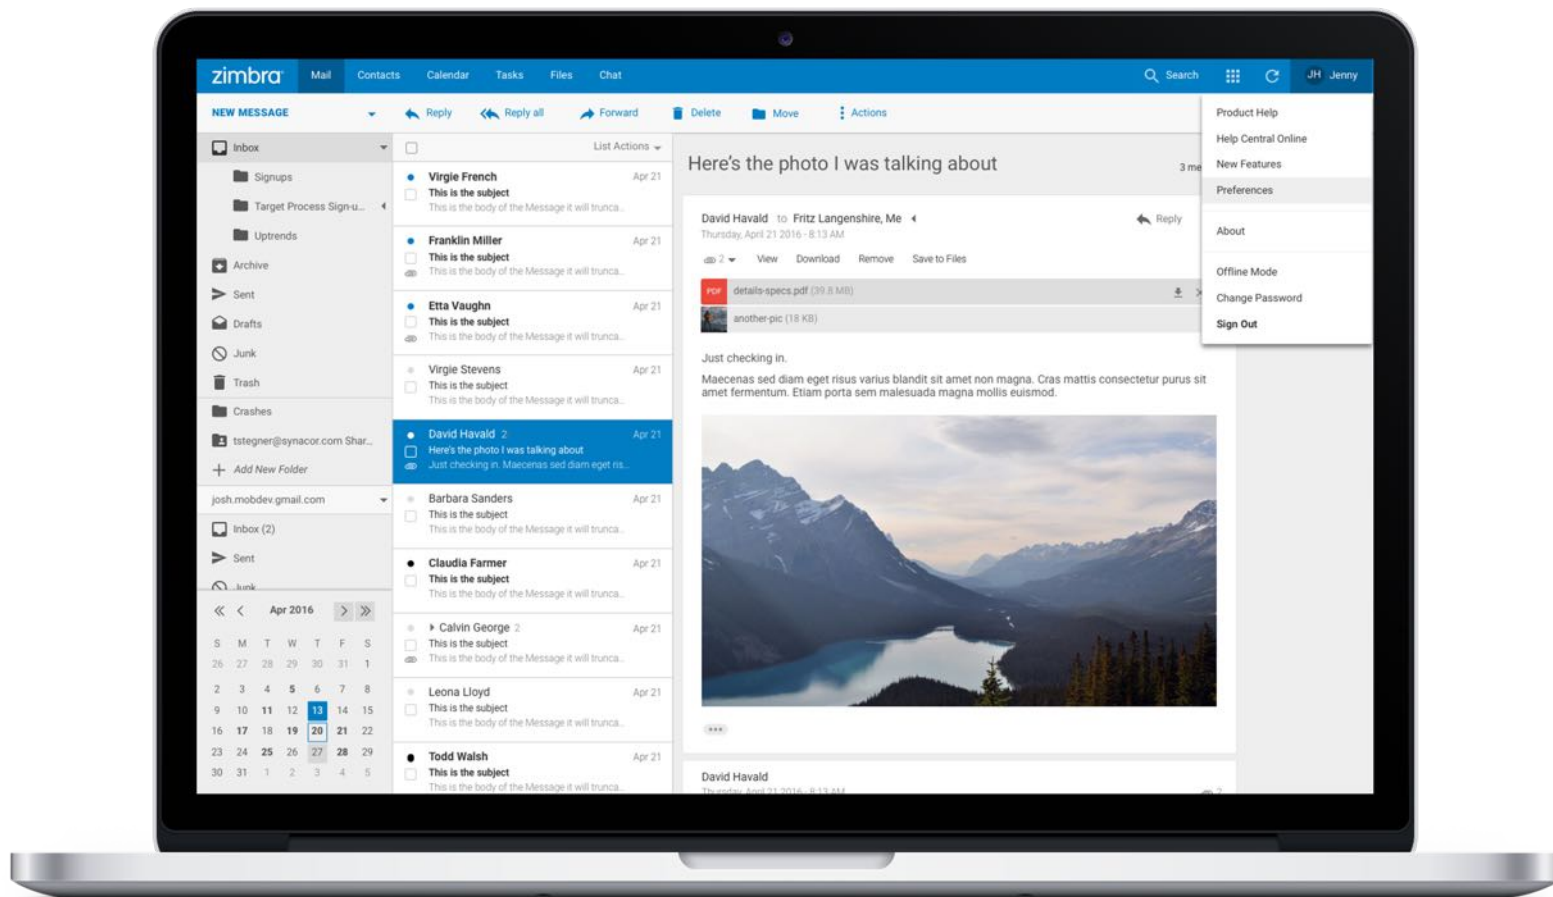

## **Icon Image (e.g. test.png)**

Usually a 16x16 icon for the Zimlet (panel-icon image)

A long-exposure photograph of a bright, curved light streak, likely a satellite or rocket trail, arching across a dark night sky. The streak is a vibrant yellow-orange color and curves from the bottom left towards the top right. The background is a deep blue-black sky with faint stars visible. At the bottom, there are some small, dim lights from the ground.

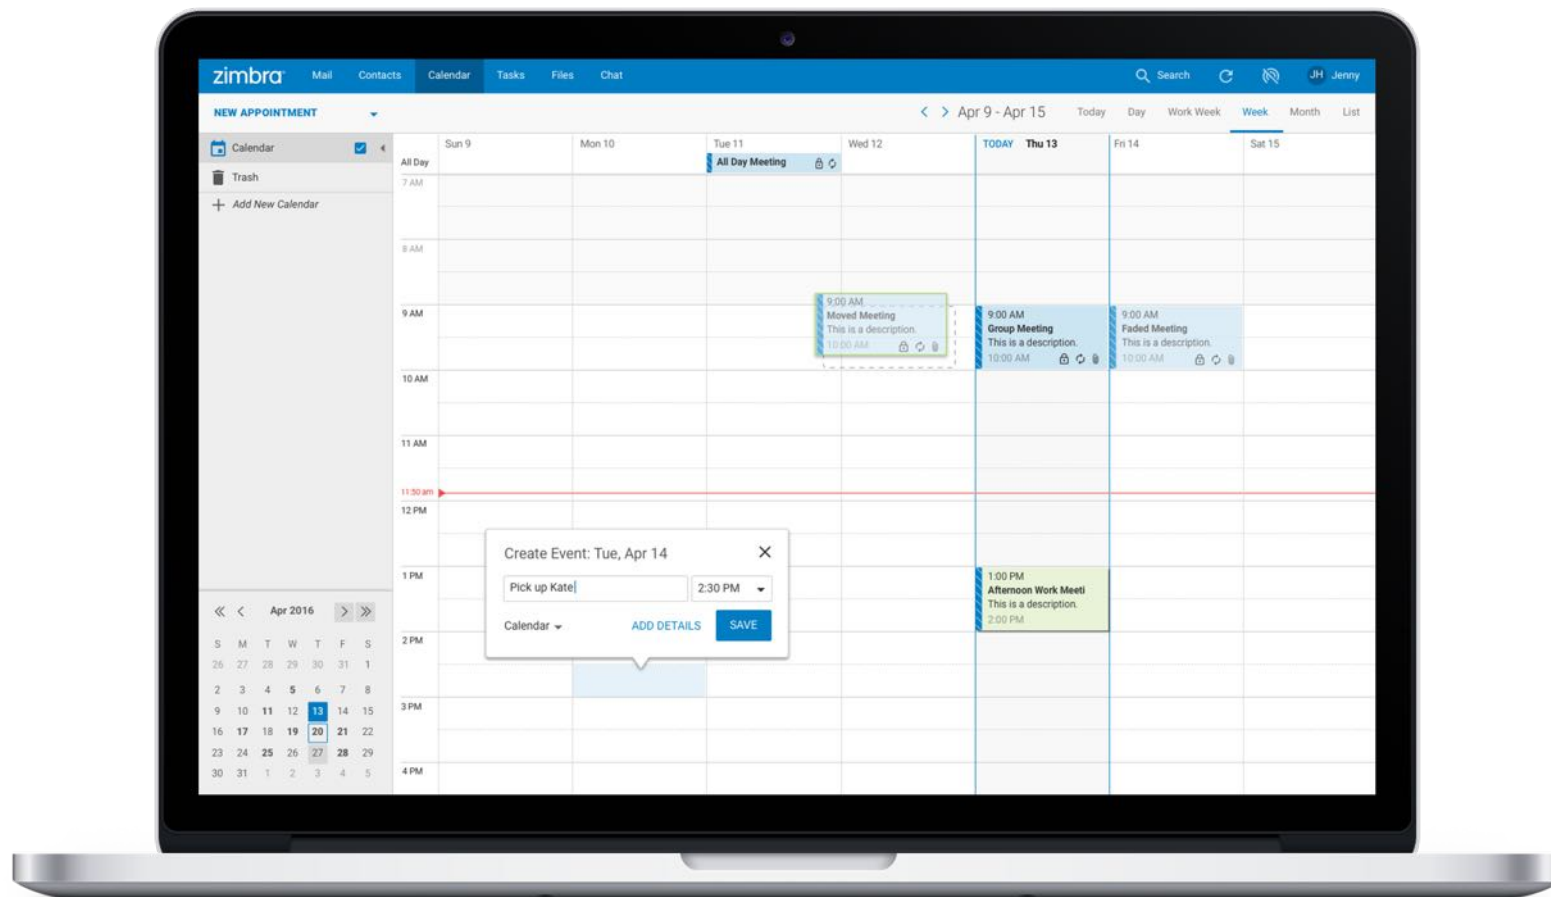

A new era for the Zimbra Experience

# NEW UI - CALENDAR VIEW

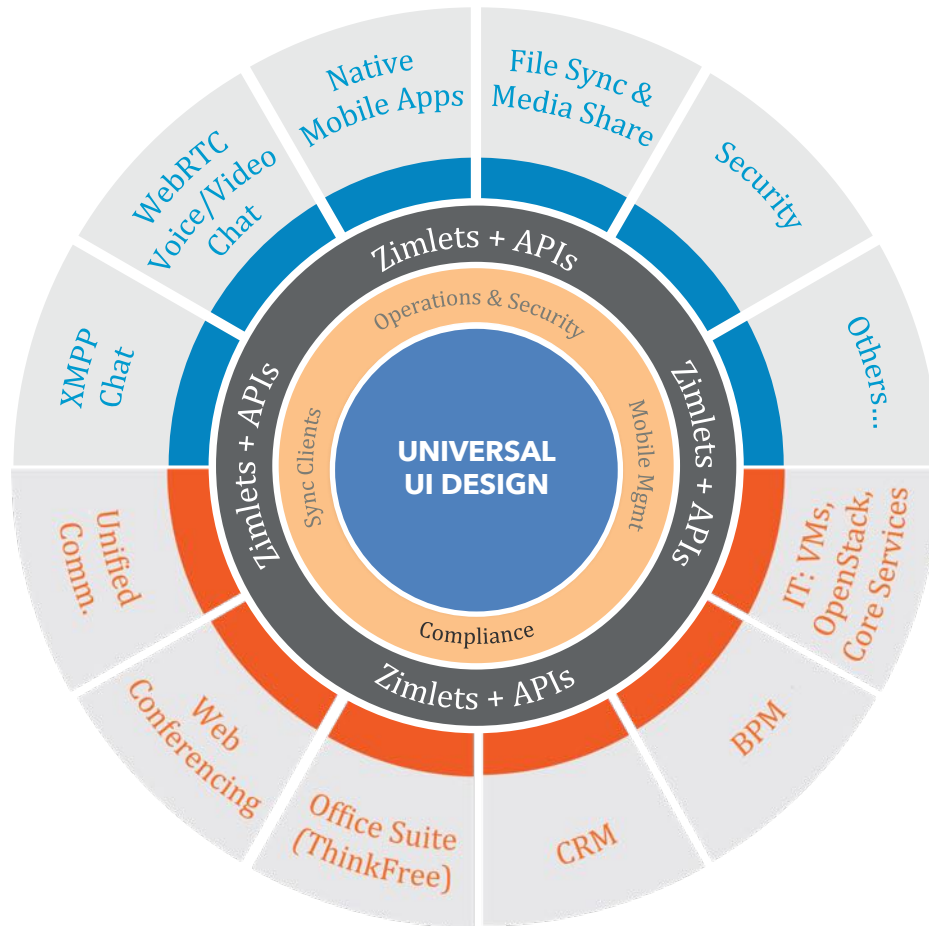

# NEW UI - CONTACTS VIEW

# NEW UI - TASKS VIEW

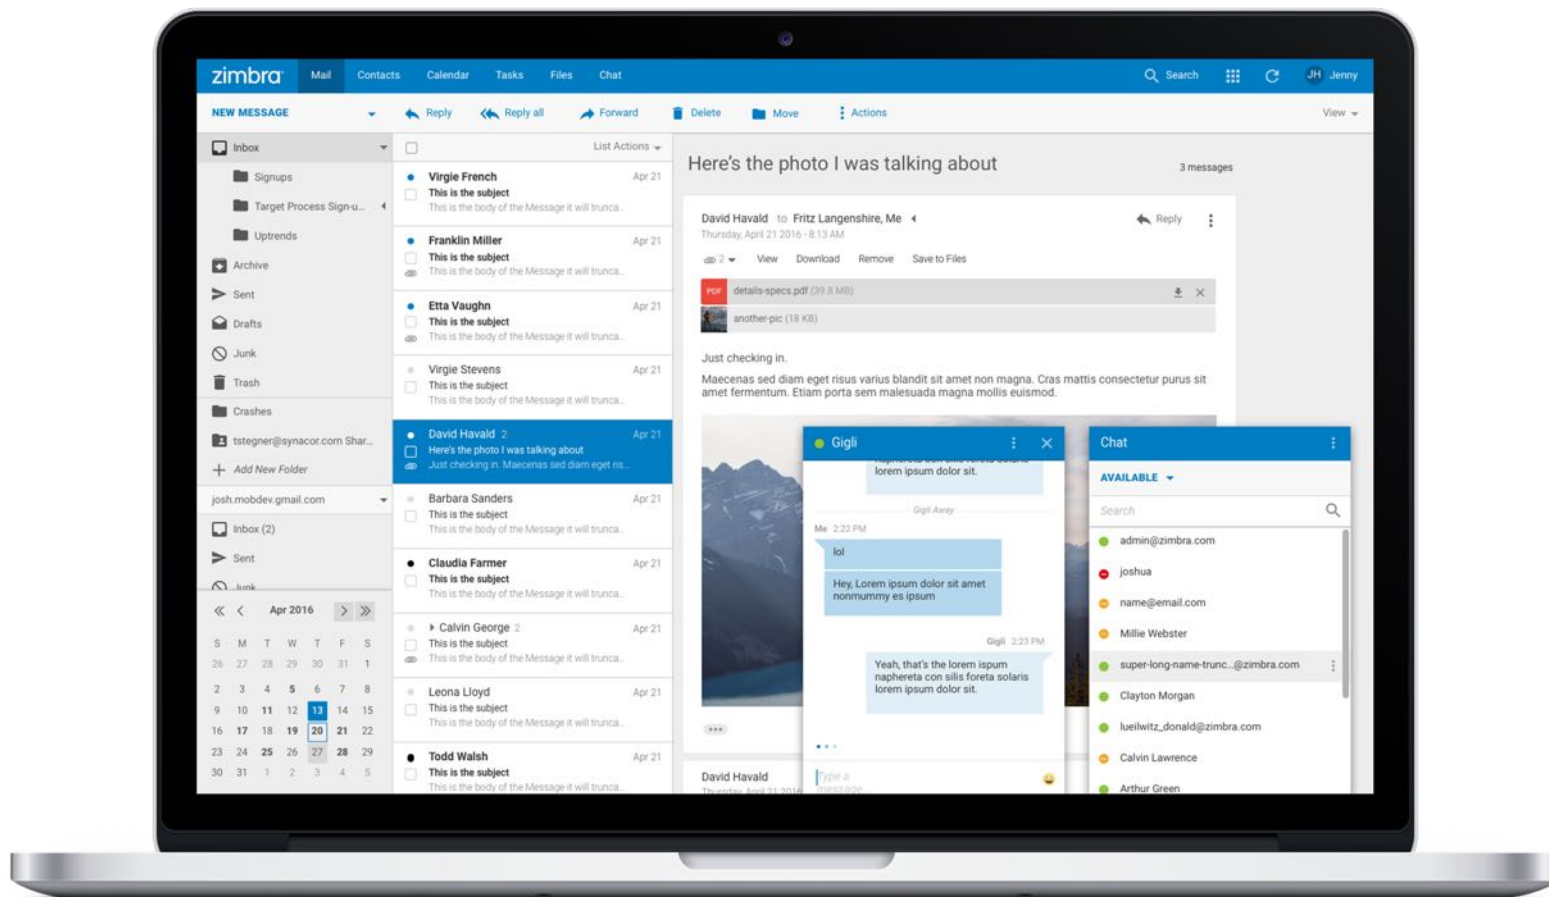

# NEW UI - KEEP THE ESSENCE BUT MOVE FORWARD

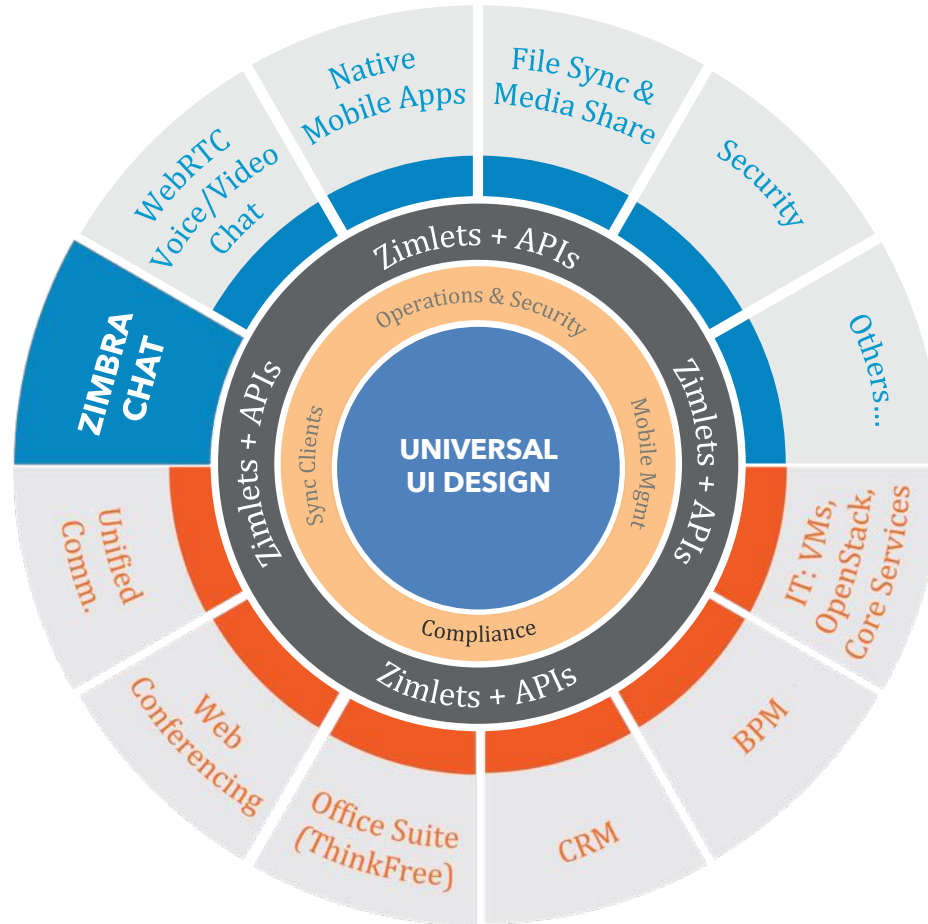

COMMUNICATE INSIDE ZIMBRA IN A NEW WAY

# ZIMBRA CHAT

# ZIMBRA CHAT - A NATURAL WAY TO COMMUNICATE

A dramatic space scene featuring a bright sun, a crescent moon, and a planet's horizon. The sun is a large, glowing orange sphere in the upper center, with rays of light extending across the dark sky. A small, dark crescent moon is visible just above the sun. The lower half of the image shows the curved horizon of a planet with a reddish-orange, textured surface, possibly Mars. The sky is a deep black, dotted with numerous small, distant stars.

FILE SYNC AND SHARING, OWNCLOUD/NEXTCLOUD

# ZIMBRA DRIVE

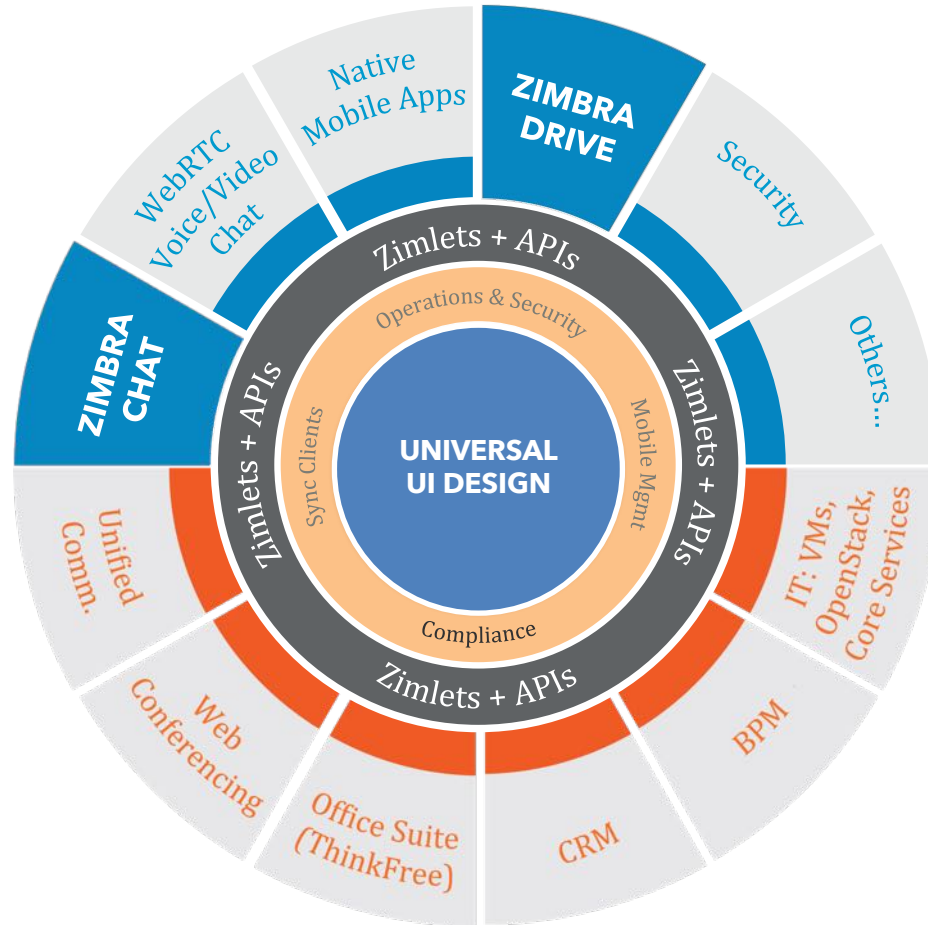

The screenshot shows the Zimbra Drive interface. The top navigation bar includes 'zimbra', 'Mail', 'Contacts', 'Calendar', 'Tasks', 'Drive', and 'Chat'. The 'Drive' tab is active. On the left, the 'ADD NEW' dropdown is open, showing options like 'Download', 'Tag', and 'Rename'. The main file list shows a table with columns 'Name', 'Size', and 'Modified'. The 'Work' folder is selected, and the file 'resume.doc' is highlighted. The right sidebar shows a preview of the selected file, 'Work', with a thumbnail and metadata: 'Thursday, April 21 2016 - 8:13 AM', '1.5 MB', '7 days ago', and 'Tag'. The bottom left shows a calendar for April 2016.

Name	Size	Modified
resume.doc	1.5 MB	7 days ago
Work	26.2 MB	7 days ago
Family	1.5 MB	7 days ago
Another Folder	1.5 MB	7 days ago
whatthefile.doc	14 KB	6 hours ago
somelongfilename.doc	47 KB	2/28/2017
loremipsum.doc	1.1 MB	2/28/2017
3 folders and 4 files	29.72 MB

WHAT'S NEXT FOR Q2 AND Q3

## WHAT'S NEXT Q2/Q3 - PRODUCTIVITY APPS

# WHAT'S NEXT Q2/Q3 - "SLACK" LIKE INTEGRATIONS

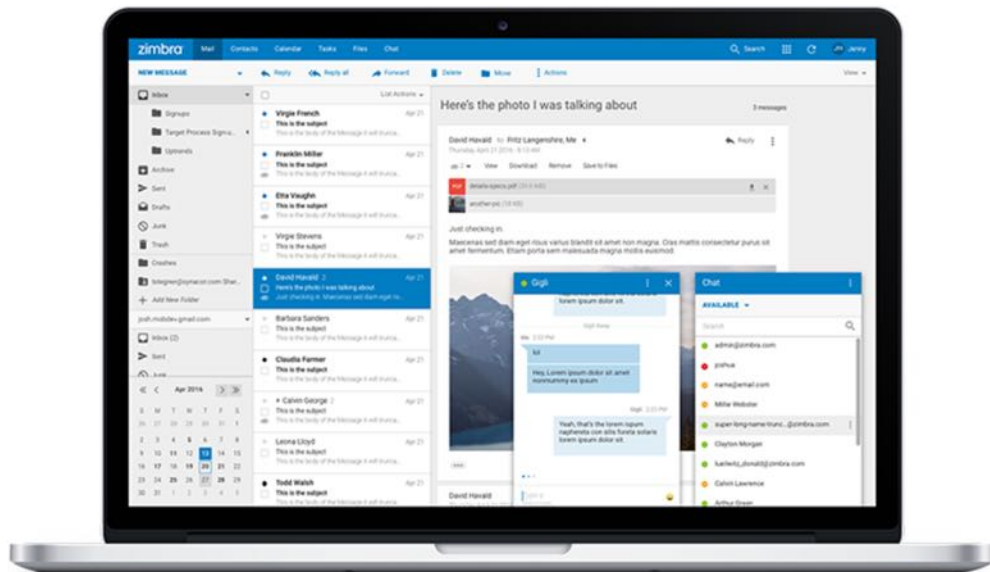

A man with dark hair, wearing a blue long-sleeved sweater, is seated at a wooden desk, working on a silver laptop. He is looking at the screen with a slight smile. The background is a blurred office environment with large windows and framed pictures on the wall. The text "DOWNLOAD OR TEST THE NEW UI, TODAY!" is overlaid in large, bold, white capital letters.

**DOWNLOAD OR TEST THE  
NEW UI, TODAY!**
